If you like it I'll fight  
If you like we can take it outside  
If it makes you feel nice  
Does it make you feel alright inside?

Do you do the same every night?  
When you're bored do you start up a fight?  
A small part of your life  
Or does your life come alive on a Saturday night

You make me laugh, you make me low  
Make me hate, make me throw  
Make me wanna drag your face  
Along the side of the road

What's the matter with you?  
Why do you do what you do?  
Hope ya happy, feeling big now?

Do you pick a shape or a size?  
Or just as long as they're too drunk to fight  
Do you give the same to your wife  
Or do you save it for the slut you're fucking on the  
side?

You think you know what I'm like  
You think you know me 'cause you see my face all of  
the time  
You gotta open your eyes  
Take a good look around, take yourself for a ride

You make me laugh, you make me low  
Make me hate, make me throw  
Make me wanna drag your face  
Along the side of the road

What's the matter with you?  
Why do you do what you do?  
Hope ya happy, feeling big now?

I hear you brag it up high  
I bet you missed out the part when you started to cry

You couldn't look in my eyes  
And now you're walking away with your head in the sky

You make me laugh, you make me low  
Make me hate, make me throw  
Make me wanna drag your face  
Along the side of the road

What's the matter with you?  
Why do you do what you do?  
Hope ya happy, feeling big now?
