Plastic California

Looks like Blackpool, outta date

Some love, some hate

It's only competition

It's not my occupation true

But it's what you do

Some love, some hate

Some love, some hate

I like pink architecture

Flip back my red strip deck chair

Prove, we got nothing to prove

Gin, Stroke, Amnesia problems

Overhearin' talk of Hollywood

We wish we could, you should

Some love and some hate

Some love and some hate

Ah, la, la, la

Ah, la, la, la

It's a beautiful place in nature

And all the beautiful people make it true

You look good as you

Some love and some hate

Some love and some hate

Makes me feel great

Makes me feel great

I feel new

D'ya feel new?

Ha, ha

D'ya feel new?

Ha, ha

D'ya feel new?

Ha, ha

Ha, ha

Well, I'm pleased to meet you
