What kind of place are we living now?  
Watching wars live via satellite  
You carry a gun but no smoking inside  
Escape disease yet I could get shot tonight

You shoot, you lose

The time has come and you're all alone  
And you know you're not dreaming  
It's heaven's door, you're ringing on the bell  
Will they let you in, or you going to hell?

I'll take a war, I'll take mine with fries  
Medium rare, wash a coke down with ice  
Swallow it down, no time to digest  
What do you know, I'm feeling hungry again

You shoot, you lose

The time has come and you're all alone  
And you know you're not dreaming  
You're in heaven's door, you're ringing on the bell  
Will they let you in, or you going to hell?

The time has come and you're all alone  
And you know you're not dreaming  
It's heaven's door, you're ringing on the bell  
Will they let you in, or you going to hell?

Show me, show me, show me  
Show me, show me, show me  
You shoot, you lose  
You shoot, you lose
