He was walkin' 'round to you  
One sad French afternoon  
So he called in to a shop for two

He bought himself an ice drink  
A totally tropical nice drink  
Then he saw what he thought was you in a room

He thought about goin' over  
But you were always much older  
And your sex dressed breasts impressed too

He'd really like to get it together  
Before the 12th of N' ver  
So he's comin' over

It's when all the friends just come around  
The clothes you wear, the sex and love  
It's enough for the time  
Outta touch, out of luck

He always liked them older  
So that his top lip touched on her shoulder  
Lionized undisguised kill for you

Like to show you his t-shirt sun tan  
Like to show you his minute head stand  
Then a gun spun open

It's when all the friends just come around  
The clothes you wear the sex and love  
It's enough for the time  
Outta touch, out of luck

It's when all the friends just come around  
The clothes you wear, the sex and love  
It's enough for the time  
Outta touch, out of luck

From you to me, to me to you  
From you to me, to me to you  
From you to me, to me to you

From you to me, to me to you

It's when all the friends just come around  
The clothes you wear, the sex and love  
It's enough for the time  
Outta touch, out of luck

It's when all the friends just come around  
The clothes you wear, the sex and love  
It's enough for the time  
Outta touch, out of luck  
Out of luck  
Aey, aey, aey
