Calling over the seas, my hunger
To see you, to feel you
To be with, near you

We hold out, we hold on
I'm older, colder
Here it comes, light up my sky

Yeah we share the same sun
Everyday
Yeah we share the same sun
Everyday

White lines, blinding
Headlights, driving
To see you, to feel you
To be with, need you

We hold out, we hold on
I'm older, colder
Here it comes, light up my sky

Yeah we share the same sun
Everyday
Yeah we share the same sun
Everyday

When the light goes out for you at home
It shines for me at early dawn
We're worlds apart but now I see
I'm in your heart whenever we are apart
And the sky shines bright

Live in the morning sun (live in the morning sun, the
morning sun)
Our time has just begun (time has just begun, has just
begun)
Swim in the morning sun (swim in the morning sun, the
morning sun)
Our time to run will come

Yeah we share the same sun
Everyday
Yeah we share the same sun
Everyday

When the light goes out for you at home
It shines for me at early dawn
We're worlds apart but now I see
I'm in your heart whenever we are apart
And the sky shines bright

Yeah we share the same sun everyday
