Well you're saying that you're playing  
Well you're saying that you're playing but you're faking  
Well you're swinging to the rhythm pointing to the good  
looking  
But it's coming to the surface you're only crossing and  
fading

Well you're expecting to look sharp and needing to  
have class  
But all I can see is you nodding your head fast  
Thinking you're impressing everybody when you look  
bored  
But I'm knowing what you're doing is proving you're a  
big fraud

Whenever I get up it's on my own  
(Synthetic audio)  
Synthetic audio  
(That goes on and on)  
Goes on and on, and on and on  
(What, what, what, what)

Send out the love bring all the ladies home  
(Synthetic audio)  
'Cause its all I ever, all I ever know

Well I'm knowing that you're grooving  
But respect all around you is losing  
Well you're jumping and making all the noise that it's  
all yours  
And it seems you believe everything you dreaming

Well you wanna be exclusive for your purpose  
By telling everyone that they are useless  
Saying you're the only one playing big sounds  
But there's at least a hundred guys doing the same  
round town

Yo, will you start making and stop fading  
Let's be honest, you copied this behavior  
Start speaking for yourself not somebody else  
By telling everyone how much you're worth

Be content with the real you not needing to prove  
That you're better than everyone with the things you do  
You want everyone to say your skills are too much  
But what you're doing is not enough

Whenever I get up it's on my own  
(Synthetic audio)  
Synthetic audio  
(That goes on and on)  
Goes on and on, and on, and on

Be near the DJ gear to feel my show  
(Synthetic audio)  
It's the way to go

Let's start talking about my ladies  
Can't stop dancing up right in front of me  
'Cause I'm the music nasty love machine

Well you're saying that you're playing  
Well you're saying that you're playing but you're faking  
Thinking you're impressing everybody when you look  
bored  
But I'm knowing what you're doing is proving you're a  
big fraud

Whenever I get up it's on my own  
(Synthetic audio)  
Synthetic audio  
(That goes on and on)  
Goes on and on, and on, and on

Send out the love, bring all the ladies home  
(Synthetic audio)  
'Cause it's all I ever, all I ever know

All I ever, all I ever know
