I love you boy with all my heart and soul
I can't understand why you treat me cold
Your every wish, boy I try to defend
And that's why I can't seem to understand
Why boy, boy, boy
Why you wanna make me blue?
I'm asking you now
Boy, boy, boy
Why you wanna make me blue?
One day you say you love me too
The next day you tell me that we are through
My love for you is just a game
But each time we play, boy my heart feels the pain

Boy, boy, boy
Why you wanna make me blue?
I'm asking you now
Boy, boy, boy
Why you wanna make me blue?

The past can answer the future
When you try to see, you can't understand
Mistakes we make when we really don't know
The things we need
We are in love
When you think it's right, it's wrong
When you think you got it, it's gone
And, ooh, it's hard to live with that hate
I love you boy
But I'm not gonna wait... wait... wait... wait...
The way that you treat me is just unfair, boy
You make it so plain
You don't really care
You go out all the time
Fooling around, boy
And my sleepless nights are getting me down

Boy, boy, boy
Why you wanna make me blue?
I'm asking you now
Boy, boy, boy

Why you wanna make me blue?
