My heart is hangin' on every word you say
Right now all logic's stripped away
It doesn't analyze your sincerity
It only listens and believes
Don't whisper
I love you
Unless you know it's true

Be careful what you're sayin'
You're talkin' to my heart
Oh, be careful what you're sayin'
You're talkin' to my heart

Sometimes you want someone so bad you fantasize
Sometimes the heat of passion lies
It's only human to give into what you feel
That doesn't always mean it's real
(Don't mislead)
Don't mislead
Don't misread
(Don't mislead)
The magic of the night

Be careful what you're sayin'
You're talkin' to my heart
Oh, be careful what you're sayin'
You're talkin' to my heart

Ohh, think about it
Think about it
Sometimes it's wise to wait
Think about it
Think about it
Once spoken it's too late
(Don't whisper)
Don't whisper
I love you
Unless you know it's true

Be careful what you're sayin'
You're talkin' to my heart
Oh, be careful what you're sayin'

You're talkin' to my heart

Be careful what you're sayin'
You're talkin' to my heart
Oh, be careful what you're sayin'
You're talkin' to my heart
(Think about it)

Ohh, think about it
Ohh, you're talkin' to my heart
Ohh, think about it
(Think about it)
Talkin' to my heart
(Think about it)
Ohh, talkin' to my heart
Ohh, think about, think about it
Talkin' to my heart
