The devil is looking up at a city full of sin  
The fight in your eyes can't leave a grin  
The devil is looking up at a city full of sin  
The fight in your heart could never win

These words roll of your tongue, they' re piercing to my  
soul  
Words so harsh, so pure so tame, barely I stop short  
the pain  
I withstand a cost to pay the toll, to bear the roll it plays  
To see a world unbroke, unscathed

Gasping and wheezing your only believing your own  
lies  
Kicking and screaming, I hope you can see with those  
blood shot eyes

The devil is looking up at a city full of sin  
The fight in your eyes can't leave a grin  
The devil is looking up at a city full of sin  
The fight in your heart could never win

Cause sinners can be winners, and losers can be  
choosers. (fight, fight)  
Cause knowing is believing and you know it's such a  
beautiful sight  
Cause sinners can be winners, and losers can be  
choosers. (fight, fight)  
Cause knowing is believing and you know it's such a  
beautiful sight
