look in the mirror til i see perfection
wanna make sure that i'm right
because when i see ya
girl your first reaction
really matters to me tonight
how could you ask me (why, why)
why would i take my time to love you (right, right)
here's my explanation

you're the reason i do what i do
i don't need a reason to spend time with you
girl you make it easy
ooh the way you please me
you ask me the reason i do what i do
baby you're the reason
baby you're my reason

staring in your eyes they tell me you want me
wish that your lips would say the same
only you're coming at me
girl you already know me
and you know i ain't tryna play no games
girl how could you ask me why (why, why)
hey why would i take my time to love you (right, right)
here's my explanation

you're the reason i do what i do
i don't need a reason to spend time with you
girl you make it easy
ooh the way you please me
you ask me the reason i do what i do
baby you're the reason
baby you're my reason

if ever you are wondering
what's the sense of love
and if you don't know all that i do
is for you (ooh whoa)
(baby you're the reason)
baby you're the reason
(baby you're my reason)

you're the reason i do what i do
i don't need a reason to spend time with you
girl you make it easy (easy)
ooh the way you please me (please me)
you ask me the reason i do what i do
baby you're the reason
baby you're my reason

you're the reason i do what i do (baby you're the
reason)
i don't need a reason to spend time with you (oh you
gotta know)
girl you make it easy
ooh the way you please me
you ask me the reason i do what i do
baby you're the reason
(you don't have to question baby)
baby you're my reason

baby you're the reason
baby you're my reason
(X2)
