"Ancient Alexandria,  
Site of cumulative knowledge, cradle of enlightenment  
Levelled to the ground by the children of the crucified  
one,  
Wiped away in blindness..."

The library, I have seen it's shade  
Witnessed how dignity and wisdom did fade

Ignorance! The flames of arrogance...  
An act of indifference towards what was in our hands  
And turned to dust

Look to the stars, the mirror of the past  
Now you seek to learn what in those flames did burn

The cosmic secrets will be revealed to me  
The pyramids donate their knowledge of eternity  
At astronomical dimensions I have glanced  
We will regain it when mankind has advanced
