Well, where's the rhythm I've been searching for
Am I in the flake side looking for, is it just the way it is

And truth, truth is I see the summit now
I'm climbing high, not looking down and that's the way
it is, yeah

'Cause I'm still in the race, taking the place from my
zealous core
I'm still on my feet taking the heat from my zealous
core

Yeah, yeah, I feel the rhythm of your heart
We've been in the race right from the start, it's what
we're living for

And truth, truth is the words we're singing out
There's hope today without a doubt and that's the way
it is, yeah

'Cause I'm still in the race, taking the place from my
zealous core
I'm still on my feet taking the heat from my zealous
core

Yeah, I'm standing the ground, taking the sound from
my zealous core
I'm still on my feet taking the heat from my zealous
core

Feel it, do you feel it, do you feel it, do you feel it,
come on, yeah

I'm still in the race, taking the place from my zealous
core
I'm standing the ground, taking the sound from my
zealous core
