My friends think I'm an awful bore  
Ever since I fell in love with you  
I'm not well rounded anymore  
There's just one thing I like to do

I just can't stop talking about you  
Can't stop saying I love you  
Can't stop telling the  
World you're mine

I give lectures on your lips  
Go on for hours on the way we met  
I talk pages on your smile  
And still I haven't scratched  
The surface yet

Somehow, I can't  
Stop talking about you  
Can't stop saying I love you  
Can't stop telling the  
World you're mine

I can't stop all this crowing  
There's nothing I can do  
My heart just keeps overflowing  
With new things to say about you

I guess there's no relief in sight  
Everybody better be resigned

Cause I just can't  
Stop talking about you  
Can't stop saying I love you  
Can't stop telling the  
World you're mine

La la la la...

Cause I just can't  
Stop talking about you  
Can't stop saying I love you  
Can't stop telling the

World you're mine

Yes, I just can't  
Stop talking about you  
Can't stop saying I love you...
