Turning around burning the ground
It's shooting to know that I found my love
Exploring profound enjoying your sounds
It's shooting to know that I found my love
I care not to tell that I fear your spell
Scared as hell I am counting down for lift-off
I'm leaving my shell

We are the two we are the few
We are buzzing away the night
There's no time to lose

There's no time to use
Fountains spreading a stabile sound
I care not to tell that I fear your spell
Scared as hell I am counting down for lift-off
I'm leaving my shell

I care not to tell that I fear your spell
Scared as hell I am counting down for lift-off
I'm leaving my shell for good
I am counting down for lift-off
I'm leaving my shell
