I move on
I crash sometimes you know
But that don't matter
I go for more
Than I find and I'm not satisfied
The search's not over yet

A hiding fence is what I need for now
I'm not as bitter as you think I amrrrrr
Just troubled by this cost of living
Someone please put hold

What a hideous way of life
Leaving some traces
Marking some spaces
Get it all behind
Ain't it funny, having insight

I'll get the whole world whiped off

People breed and more then ever it seems
Aand they're all ridin' at a speed of 90 in the turns
Never there below
That's really funny to watch them steal the show

What a hideous way of life
Leaving some traces
Marking some spaces
Get it all behind
Ain't it funny, having insight
I'll get the whole world whiped off
