Entertain you and employ you
While you laugh at my misfortune
I've a hat it's big and old
You're happiness is worth your gold

The princess smiles down from her throne at
Ringing bells and checkered clothing
I'll show you a life that's worth your while
I only live to make you smile....
make you smile

One day I will be King Of The World

Welcome to my world of foolish
Laughing colours song and jest
I invite you in to hear my song
Leave your reservations at the door...
at the door
One day I will be King Of The World
Now you know me recognise me
You don't need to see inside me
I'm the fool who has your heart

Today I am
King Of The World
She smiled at me and
I was King Of The World
Now I am The King Of
The World
