I lost my money on the way  
To the liquor store  
All I want is pass some time  
Untill the break of dawn  
The joy lies in the space you're in,  
I tried to blind the sun  
I just met this drunk brown girl  
Her money's gone, her panty's gone  
She's jivin'

It's scarce to catch a smile from her,  
People terrify her  
She just came here to get laid  
'Cause he don't satisfy her  
Everybody's high again  
Standards sinking lower  
The prettiest girls are insane  
Her money's gone, her panty's gone  
She's jivin'  
Dirty dancin' high babe

Everybody wants a reward  
Everybody wants a reward  
Everybody wants a reward  
Everybody needs a reward
