Ooohh, Oooh, Ooohh

Love letters written in lipstick  
The case is closed, and I'm covered in your  
fingerprints  
Lay right here with me tonight  
The sun is coming up, I've got a perfect view  
I've got the day planned out  
Even thought it through  
Oh, baby, teach me something I never knew  
Like a diamond in the rough, I'd shine for you

And I'll chase you into the dark  
With such grace, it's never been this hard  
I've never fallen, I've never fallen faster  
And I'll chase you into the dark  
With such grace, it's never been this hard  
I've never fallen, I've never fallen faster

Ooohh, Oooh, Ooohh

Let's hit the town, parade every avenue  
Let's burn it down, forget all we ever knew  
Free from these city lights  
Undercover, out of sight, and out of mind  
Where I can give you all my time  
Oh, baby, teach me something I never knew  
Like a diamond in the rough, I'll shine for you

And I'll chase you into the dark  
With such grace, it's never been this hard  
I've never fallen, I've never fallen faster  
And I'll chase you into the dark  
With such grace, it's never been this hard  
I've never fallen, I've never fallen faster

Ooohh, Oooh, Ooohh

And I'll chase you into the dark  
With such grace, it's never been this hard  
I've never fallen, I've never fallen faster

And I'll chase you into the dark  
With such grace, it's never been this hard  
I've never fallen, I've never fallen faster  
Ooohh, Oooh, Ooohh
