The words I wrote to you  
Lying on the floor  
The ones you left behind  
When you closed the door  
I was looking for a way to tell you everything  
But it don't come easy, no  
This really is a weight on me  
Has this really been a waste of time  
A crying shame  
When the morning comes  
Tomorrow I'll be standing here  
You're the price I pay  
Hope nothing gets in your way

Take a look at me now  
Take a look at these tears  
After all these years  
I'm still wondering  
It's a crying shame  
But I can stop the pain  
I look across the water  
To the blue horizon  
The dark night is over now  
The sun will rise again

There's a picture I keep of you  
Looking out to sea  
It's the one that I'll always have  
Somewhere close to me  
Now I hope to God  
You've found the one you're looking for  
And nothing's getting you down, no  
Keep your feet on the ground

Take a look at me now  
Take a look at these tears  
After all these years  
I'm still wondering  
It's a crying shame  
But I can stop the pain  
I look across the water

To the blue horizon  
The dark night is over now  
The sun will rise again

I was looking for a way to tell you everything  
It's a crying shame

Take a look at me now  
Take a look at these tears  
After all these years  
I'm still wondering  
It's a crying shame  
But I can stop the pain  
I look across the water  
To the blue horizon  
The dark night is over now  
The sun will rise again
