It was a strange and beautiful ride  
Expectations, fears running wild  
I catch your breath as you come up for air  
I hear the words that fall off your tongue  
I hear the whisper of sorrow and song  
And you drank me deep all the night through

Your sweet sweet love...

Fade on me  
Don't fade on me

Standing tall, a thousand walls  
I kiss your mouth as the last one falls  
And I fall to my knees and break at your touch  
Lovers, movers, shakers, groovers all  
Spoofin', goofin', with no good true things  
I see your face in every fall of rain

Your sweet sweet love...

Fade on me  
Don't fade on me  
(Fade on me, fade on me)  
Don't fade on me  
(Fade on me, fade on me)  
Don't fade on me)

Feed your desire, feed your despair  
One soul fits all, say do you care?  
Feed your desire, feed your despair  
One soul fits all, say do you care?

Your sweet sweet love...

Fade on me  
Don't fade on me  
(Fade on me, fade on me)  
Don't fade on me  
(Fade on me, fade on me)  
Don't fade on me)

Don't you fade on me
