You know I've been searching
Always looking for the one
I thought all was lost
But you were here all along
Can't leave you alone
I know you are my home
Hear what I'm saying

Baby I am fearless
Know your love is true
That makes me fearless
I know I won't be careless
With my love for you
That makes me fearless, fearless
I'm not afraid of loving you

You, you make me shiver
Not in fear but delight
I'm not afraid of the dark
Now that I live in your light
Can't leave you alone
Won't ever let you go
Hear what I'm saying

Baby I am fearless
Know your love is true
That makes me fearless
I know I won't be careless
With my love for you
That makes me fearless, fearless
I'm not afraid of loving you

I have a secret you should know
You have a road map to my soul
You know the way
So babe let's go
You make me fearless

Baby I am fearless
Know your love is true
That makes me fearless
I know I won't be careless

With my love for you
That makes me fearless, fearless
I'm not afraid of loving you
