I've lost my faith in me
Lying underneath the open sky
Hold me close tonight
I lay my secret heart
Lay it open for the world to see
I'm so naked
But I want you to know
That it moves me so
Show me

How can I love someone like this?
Can't you see it's killing me
The way we live
Without touching each other
How can I love someone like this?
Can't you see it's tearing me apart
The way I trust your heart

In my darkest hour
Though I'm broken I'm still unbowed
Hear my silent prayer
Walk softly when you go
'Cause you're walking on the dreams you showed me
When I was naked
But I want you to know
That it moves me so
Show me

How can I love someone like this?
Can't you see it's killing me
The way we live
Without touching each other
How can I love someone like this?
Can't you see it's tearing me apart
The way I trust your heart

And though I'm breaking all my promises
I want you to hold me
Touch me
Take me away

Love someone
Need someone
Touch someone
Show me

How can I love someone like this?
Can't you see it's killing me
The way we live
Without touching each other
How can I love someone like this?
Can't you see it's tearing me apart
The way I trust your heart
