As you knelt before me
I sensed your soul was tired
I felt I might have known you
In another life
All the crowds were crying
They couldn't understand
Searching for some reason
The crossing was unplanned

I found your picture
Floating on a wave
I was standing with you
Frozen to the page
Some heads above the water
Some trawling through the deep
Surrender to the undertow
Hear the river weep

And I came to say goodbye...
And I came to say goodbye...

I came to say... goodbye
I came to say... goodbye
Goodbye...
