I don't know why
The sky is so blue
And I don't know why
I'm so in love with you
But if there were no music
Then I would not get through
I don't know why
I know these things but I do

I don't know why
But somewhere dreams come true
And I don't know where
But there will be a place for you
And every time you look that way
I would lay down my life for you
I don't know why
I know these things but I do

I don't know why
But some are gonna make you cry
And I don't know how
But I will get to you by (I will try)
Cause they're not trying to cause you pain
They're just afraid of loving you
I don't know why
I know these things but I do

And I don't know why
I don't know anything at all...
But if there were no music
Oh I would not get through
I don't know why
I know these things but I do

If there were no music
Then I would not get through
I don't know why
I know these things
But I do
