Has luck all dried up?  
Am I stuck to the bed?  
Has lightning struck?  
Did I think I was led?  
Chasing my tail  
Until I can't stand  
Face in the dirt  
With a sting in my hand

Take my one little wish  
Leave me wide open  
In this wilderness  
Take my one little wish  
Until it all splinters away

Should have choked on my words  
Give it time to sink in  
But I tripped and I fell  
Where the ice was too thin  
Did I paper the cracks?  
Did I spin my own web?  
Did I listen to fools  
Hanging on to the edge?

Take my one little wish  
Leave me wide open  
In this wilderness  
Take my one little wish  
Until it all splinters away

Would you really care  
When it's all gone  
Take all I have left  
And shine on?

Could have been good  
But I guess it's too bad  
My head's full of wood  
Your head's in the sand

Take my one little wish

Leave me wide open  
In this wilderness  
Take my one little wish  
Until it all splinters away

Til it all splinters away

Away...
