Here, watching stars crash tonight
Here, with your soul open wide
I lay down for you
Sweet soul surrender
I can give you life

Love, come inside, it's alright
There's so much love
Oh let me shine, let me shine
Oh tonight

Here, making storms come tonight
You must have shadowed me through time
I lay down for you
Sweet surrender
I give you all my life

Love, come inside, it's alright
There's so much love
Oh let me shine, oh let me shine
Oh love, come inside, it's alright
There's so much love
Let me shine, oh let me shine
Oh tonight

Let your love flow down

Love, come inside, it's alright
There's so much love
Let me shine, oh let me shine
Oh tonight

Lift your head up
Let your heart go
Shake the world up
Let your love flow down

Where do I make the adjustment for time?
Is it before or after I believe there's more to come?
Should I believe in a future that's unknown?
Or dwell on a past that's certain?

Eventually I'll become the teller of the tale.
The one who suddenly and unexplainedly takes up the
mantle
and runs to the finish line of never ending questions.
Should I finish with one hope tomorrow,
it would be that final moment I realise what it's all been
about.
Believe in yourself, for that is truth once realised
beyond compare.
We create the system by which we live and only we
sustain it.
