We said the circle can't be broken
A special sign of love unspoken
We share the mark, it looks like Venus
It could remove the space between us
If we stepped off the path we move along
The searching would be gone
With you I can belong

Help me cos I'm falling deeper
One day you will be my lover
Help me cause I'm falling deeper
Someday you will be my lover

The longest time that could be waited
Take a chance on love belated
I'm holding on, but not for long
The aching feeling's strong
I'm craving
If we stepped off the path we move along
The searching would be gone
With you I can belong

Help me cos I'm falling deeper
One day you will be my lover
Help me cause I'm falling deeper
Someday you will be my lover

Oh, the secret wish, the secret on the skin
The ink that lies within
(irrational impulses)

Help me cos I'm falling deeper
One day you will be my lover
Help me cause I'm falling deeper
Someday you will be my lover

Won't you help me?
Won't you save me?

Oh, the secret wish, the secret on the skin
The ink that lies within
