I'm watching a movie of mistakes in my head,  
And every single day I'm just trying to fix them,  
It's easy to lie but it's hard to forget about it,  
I've burned so many bridges now I'm sitting on an  
island

All those times I ran away  
And didn't have any words to say, but now they are all  
adding up in my head

(Chorus)  
Everyone knows  
That it's no fun  
Being alone  
I'm dreaming of someone  
Worth the wait, that I won't push away

The girl of my dreams comes along and teases my  
heart,  
I don't know what to say and no I don't know where to  
start,  
With a wink of her eye my lack of reply becomes worse,  
She won't be the last one that I let slip away or the first,

I try but I can't reply,  
And my lack of reply is a lie, sigh, a lie by omission

(Chorus)

Everytime  
I think I am closer  
I change my mind  
And lose my composure  
It's sad to say, but I know I will push you away

(Chorus)
