V1:

I woke up,
Tried to get dressed
But I was alarmed, I was distressed
Though I always, always try to do my best
I had become a
Sniveling mess X3

Chorus:

Will you love me if I'm a mess X3
(hold on)
I want to make sure you comprehend
(hold on)
I need you to be comfortable
Did you understand
Did you understand what I am

V2:

With that resolved I guess I'll go
Pack my bags, move to Borneo
When I get there, I'll live in a tree
I'm tellin all y'all that's where I'll be
If you need me
Repeat Chorus
