"What I Do On Saturday"

Visit "[What I Do On Saturday](#)" on MotoLyrics.com

I'm just a boring example of
Everybody Else
I threw out the old one as soon as
I found something else
I'll never tell you
What I do on Saturday
I'll never tell you
What I do on Saturday
It happened so suddenly
The night you came
And ruined my life
It blew up in front of me
A great big face
I'm just a boring example of
Everybody Else
I threw out the old one as soon as
I found something else
I'll never tell you
What i do on Saturday
I'll never tell you
What i do on Saturday
It happened so suddenly
The night you came
And ruined my life
It blew up in front of me
I swear you ruined my life
