Where you lead me, you know I'll follow, yes I will
Whatever you tell me, ah that's what I'll do, all right
I've been lovin' you, baby, for a long long long time
& I'm not tired, honey you know I'm not tired

If you make just one step, you know I'll make 2, yes I
will
Just give me a chance to prove my love to you, all right
I've been lovin' you, baby, for a long long long time
& I'm not tired, honey you know I'm not tired

(instrumental)

All of these years I've been by your side, yes I have
Not even once have I stopped to think about my own
pride, oh no
I've been lovin' you, baby, for a long long long time
& I'm not tired, honey you know I'm not tired
Gonna keep on lovin' you for the rest of my days, baby
Honey I'll never never get tired
...& fade
