Now I'm a pretty big man around this town
I got me the hottest little Chevy around
My sweet little '66

She got a yellow front fender and a gray one on the
back
But my income tax is comin' and I'm gonna paint her
black
Sweet little '66

She's got the green eyed seats, she's got fur on the
floor
And those stickers in the window ain't just for show
My sweet little '66

Now old Bubba and me built her back in '79
Then he went into the army so now she's all mine
Sweet little '66

I used to run her down on River Road and make a little
dough
Can't afford another ticket so I'm laying kinda low
Me and my '66

She's got the green eyed seats, she's got fur on the
floor
And those stickers in the window ain't just for show
My sweet little '66

Now she ain't too good on gasoline, she burns a little
oil
She was built by union labor on American soil
Sweet little '66

So when your Subaru is over and your Honda's history
I'll be blastin' down some back road with my baby next
to me
In my sweet little '66

She's got the green eyed seats, she's got fur on the
floor
And those stickers in the window ain't just for show

My sweet little '66

She's got the green eyed seats, she's got fur on the
floor

And those stickers in the window ain't just for show
My sweet little '66

My sweet little '66

My sweet little '66

My sweet little '66
