Well, it's a party
The lights are low and I'm seein' everybody
Just havin' some fun

And there's a cutie who's wavin' hi
Givin' me the eye
I guess I'm gonna give him a try, but it's

Just a dance, nothing more
Leave what happens on the floor, on the floor
You can look but you can't touch
Because it's just a dance, nothing more

What you need my number for?
Ain't no need for you to even think romance
'Cause it's just a dance

You might be thinkin'
That because we're dancin' close
And we're vibin' that you're gonna get lucky

Take it easy, it's just a party
So let the DJ do his thing and let the music play
'Cause it's just a dance

I wanna enjoy the party and have fun like everybody
But you're messin' up my groove
What did you come here to do?
I won't be goin' home with you

Just a dance, nothing more
Leave what happens on the floor, on the floor
You can look but you can't touch
Because it's just a dance, nothing more

What you need my number for?
Ain't no need for you to even think romance
'Cause it's just a dance
