Come with me
Come with me

We had a life, we had a love
But you don't know what you've got till you lose it
Well, that was then and this is now and I want you back
How many times can I say I'm sorry, oh yes, I'm sorry

How could something so good go so bad?
How could something so right go so wrong?
I don't know, I don't have all the answers but I want you
back
How many times can I say I'm sorry, oh yes, I'm sorry

You can run and you can hide
But I'm not leaving unless you come with me
We had our problems but I'm on your side
You're all I need, please believe in me

You can run and you can hide
But I'm not leaving unless you come with me
We had our problems but I'm on your side
You're all I need, please believe in me

I only wanted you as someone to love
But something happened on the way to heaven
It got a hold of me and wouldn't let go and I want you
back
How many times can I say I'm sorry, oh yes, I'm sorry
Oh, you can run

You can run and you can hide
But I'm not leaving unless you come with me
We had our problems but I'm on your side
You're all I need, so please believe in me

You can run and you can hide
But I'm not leaving unless you come with me
We had our problems but I'm on your side
You're all I need, so please believe in me

You can run and you can hide
We had our problems but I'm on your side
You're all I need, please believe in me

You can run and you can hide
You're all I need, please believe in me
We had our problems but I'm on your side
I'm on you're side, I'm on you're side

I'm not leaving unless you come with me
