Mm hmm, mm mm, mm mm

We had a life, we had a love
But you don't know what you've got 'til you lose it
Well that was then, and this is now
And I want you back
How many times can I say I'm sorry?
Oh yes, I'm sorry

How could somethin' so good go so bad?
How could somethin' so right go so wrong?
I don't know, I don't have all the answers
But I want you back
How many times can I say I'm sorry?
Oh yes, I'm sorry
Oh oh

You can't run and you can't hide
But I'm not leaving unless you come with me
We've had our problems but I'm on your side
You're all I need, please believe in me

You can't run and you can't hide
But I'm not leaving unless you come with me
We've had our problems but I'm on your side
You're all I need, please believe in me

I only wanted you as someone to love
But something happened on the way to heaven
It got ahold of me and wouldn't let go
And I want you back
How many times can I say I'm sorry?
Oh yes, I'm sorry
Oh, you can't run

You can't run and you can't hide

But I'm not leaving unless you come with me
We've had our problems but I'm on your side
You're all I need, so please believe in me

You can't run and you can't hide
I'm not leaving unless you're here with me babe, babe,
baby
We've had our problems but I'm on your side
You're all I need, please believe in me

They say you can't take it with you when you go
And I believe it
But taking what I've got or being here with you
You know I'd rather leave it all

Oh oh, oh oh, ohhh
Baby, stay with me

You can't run and you can't hide
Oh oh, stay with me baby
We've had our problems but I'm on your side
You're all I need, so please believe in me

You can't run and you can't hide
But I'm not leaving unless you come with me
We've had our problems but I'm on your side
Ohh ohh, I'm on your side

You can't run and you can't hide
I'm on your side
We've had our problems but I'm on your side

You can't run and you can't hide
We've had our problems but I'm on your side
