Come with me
Come with me

We had a life, we had a love
But you don't know what you've got till you lose it
Well that was then and this is now

And I want you back
How many times can I say I'm sorry
Oh yes I'm sorry

How could something so good go so bad?
How could something so right go so wrong?
I don't know, I don't have all the answers but I want you
back
How many times can I say I'm sorry, oh yes I'm sorry

You can run and you can hide
(But I'm not leavin' unless you come with me)
We got our problems but I'm on your side
(You're all I need, please believe in me)

You can run and you can hide
(But I'm not leavin' unless you come with me)
We got our problems but I'm on your side
(You're all I need, please believe in me)

I only wanted you as someone to love
But somethin' happened on the way to Heaven
It got a hold of me and wouldn't let go

And I want you back
How many times can I say I'm sorry, oh yes I'm sorry
Oh you can run

You can run and you can hide
(But I'm not leavin' unless you come with me)
We got our problems but I'm on your side
(You're all I need so please believe in me)

You can run and you can hide

(But I'm not leavin' unless you come with me)
We got our problems but I'm on your side
(You're all I need so please believe in me)

You can run and you can hide
We got our problems but I'm on your side
(You're all I need, please believe in me)

You can run and you can hide
(You're all I need, please believe in me)
We got our problems but I'm on your side

I'm on you're side
I'm on you're side
But I'm not leavin' unless you come with me baby
Oh, baby stay with me

You can run and you can hide
We got our problems but I'm on your side
(Stay with me)
(I'm on you're side)
