Last night I slept alone, I stayed at home For the first
time since you've been gone, babe No friends to
understand, to lend a helping hand To ease the
greatest pain I've ever known, oh

You walked away so easily (Still remains) It still remains
a mystery (Remains a mystery) Remember what you
promised me

Remember what you promised me But you went away
And it's such a shame How could you turn your
back on me

If you don't really want me (If you don't really
want me) If you don't really love me (Oh, yeah,
yeah) Then who do you love If you don't really need
me (If you don't really need me) If you don't
really love me (Oh, yeah) Then who do you love

I gave you everything, a man could ever need I was
there whenever you would call me, baby But somehow
your feelings changed, you don't act the same I
guess you're not the man that I once knew at all

You walk away so easily It still remains a mystery (Oh
baby, baby) Remember what you promised me

Remember what you promised me And now the love is
gone Oh where did we go wrong How could you turn
back on me

If you don't really want me (Oh baby, baby) If you
don't really love me (Don't love) Then who do you
love

If you don't really need me (If you don't really
need me) If you don't really love me Then who do u
love

If you don't really want me (If you don't really
want me) If you don't really love me (Oh yeah) Then

who do you love

If you don't really need me (If you don't really need me) If you don't really love me (Yeah) Then who do u love

I once was blind, but baby now I see, yeah That I'm not the one who can fill your every need I painted a picture so clear, it's reality Now I know, yes, I know that, you're not the one for me Oh, baby, baby, baby

I can't fill your every need Now I know

When the time is right And you close your eyes And you dream at night Who do you love (Who do you love)

When the time is right (When the time is right) And you close your eyes (And you close your eyes) And you dream at night (And you dream at night baby) Who do you love (Who do you love)

When the time is right And you close your eyes And you dream at night Who do you love (Who do you love, who do u love, yeah)

When the time is right And you close your eyes And you dream at night (I've got to know babe) Who do you love (I've got to know)

When the time is right And you close your eyes Tell me what you're dreamin', babe Who do you love

Who do you love Who do you love, baby Who do you love, baby

See I'm sad, I know I need it I know I want it I sing it loud, I want, I need it Oh oh yeah Say it, yeah Sing it, yeah Oh, oh yeah Oh yeah Say I'm singing I wantcha Who do do ya love Who do do ya love Who do do ya love Who do you love

Who do do ya love Who do do ya love Who do do ya love Do ya do ya do ya do ya Do ya love baby, love baby

Said they won't leave ya I bet they won't leave ya Hey, don't Do ya really wanna leave Do ya really wanna leave Do ya really wanna leave Hey

If you don't really want me If you don't really love me

Then who do you love

If ya don't really need me If ya don't really love me
Then who do you love

If you don't really want me If you don't really love me
Then who do you love

If ya don't really want me (If ya don't really need me or
want me or need me) If ya don't really love me (I don't
know what I'm gonna do) Then who do you love Whoa

Ad lib

Oh, play the song, play the song baby Whoa, play the
song now baby I played it wrong now babe

Who do you love when the time is right Who do you
love in the morning time Tell me who do you love when
the mood is right Who do you love when you close your
eyes Who do you dream about Who do you dream
about And baby is it me Tell me baby is it me Who do
you love in the morning time Yeah, yeah, yeah, yeah
