CHORUS

I will be there when your train comes In the station

#1

I will be there when your train comes around the bend

And I hope you'll be my final destination

I will be there when your train comes rollin' in

VERSE

Well I broke a heart, I left my darlin' crying

Yes, I broke a heart, that's what I've done for you

And I hope this love we're both so stuck on trying

Will be worth the tears and pain I've put her through

(REPEAT CHORUS #1)

VERSE

Well, I know you've gone and left your long-time lover

Yes, I know you've gone and set your darlin' free

Said your last good-byes and left him for another

And I hope you'll find it's all worthwhile with me

CHORUS

I will be there when your train comes in the station

#2

I will be there when your train comes 'round the bend

And I hope I'll be your final destination

I will be there when your train comes rollin' in

TAG

Rollin' in . . . yes

I will be there when your train comes rollin' in
