Something's got a hold on me  
An' it won't let go  
Ev'ry time I close my eyes  
I hear a freight train blow  
My papa was a gamblin' man  
An' mama tried, tried, tried  
Ev'rybody's got their thing,  
I like to ride, ride, ride

Something's got a hold on me  
Tuggin' on my heels an' toes  
Something's got a hold on me  
An' it won't let go

Something's got a hold on me  
And it won't back down  
Ev'ry time you kiss my lips  
I hear that highway sound  
Carolina looks real good  
If I'm in east St. Paul  
Oklahoma looks just fine  
If I'm in Montreal

Repeat Chorus

Something's got a hold on me  
An' it calls my shots  
I don't want your golden rings  
Or your forget-me-nots  
I throw out my ramblin' shoes,  
Can't get a full night's sleep  
Anything I think I got  
I know I just can't keep

Repeat Chorus
