She's so cool, man it's outta control
Got a wild side from her head to her toe
But it's alright, she's all mine
She's a rebel queen with the rock n roll
A beauty machine that soothes my soul
Gets me everytime, just has to walk by

When it gets late she gets kinda crazy
I kinda like where crazy takes me

It's drive all night just to see the sunrise
On some strange beach in the summertime
Drink too much wine one christmas eve
We snuck outside and she met her in the back seat
She lives it on the wild side
And she's all mine

She slides close in my 4x4
Her feet on the dashboard and cut of shorts
And those long legs gets shining in the sunlight
Well that's just right

Dancing in the moonlight on the bed of my ford
Sipping screwdrivers and shaking it all
To the sound of the stones on the stereo

When it gets late she gets kinda crazy
I kinda like where crazy takes me

It's drive all night just to see the sunrise
On some strange beach in the summertime
Drink too much wine one christmas eve
We snuck outside and she met her in the back seat
She lives it on the wild side
And she's all mine

Spending time with her beside me
I guess crazy's where I'll be
Cause all I need

Is to drive all night just to see the sunrise
On some strange beach in the summertime

Drink too much wine one christmas eve
We snuck outside and she met her in the back seat
She lives it on the wild side
She loves it on the wild side
And she's all mine
Whoa
She's all mine
Yeah
She's all mine
