I was the last one expected to be,
Taking anything so seriously,
My friends will tell you girl,
They couldnt believe,
How you could make a one woman man out of me.

I'm glad I found that someone
Whos meant to be my loved one,
Always there by my side,
Someone to laugh and play with
Someone that I can stay with
For the rest of my life

We got a,
Crazy love
The kind of love you see up on the movie screen
We got a
Crazy love
And all that I've got you and baby you got a me,

Everytime we go out somewhere
There's a feeling were the only ones there
Not matter how I try girl I couldnt explain
I get chills at the sound of your name

I'm glad I found that someone
Whos meant to be my loved one,
Always there by my side,
Someone to laugh and play with
Someone that I can stay with
For the rest of my life

We got a,
Crazy love
The kind of love you see up on the movie screen
We got a
Crazy love
And all that I've got you and baby you got a me,

Crazy love
The kind of love that will go down in history,
Crazy love

And all that I've got you and baby you got a me,

We got a,

Crazy love

The kind of love you see up on the movie screen

We got a

Crazy love

And all that I've got you and baby you got a me,

Crazy love

The kind of love that will go down in history,

Crazy love

And all that I've got you and baby you got a me,

Crazy love

We got a (x3)
