Watch Loretta taste the wine  
Kick the actor from behind  
Sprawl across the sofa, then  
Speak of foreign towns again  
Like the loner, seek Marlene,  
Ask the waitress: "Where you been ?"  
She says: "Don't give me no lies,  
"I been inside your head at least three times"  
"! never lost controls  
It was a very strange show  
And all i ever get was oh !  
'are you never gonna go ?'"

Spy Ramona by the door  
Calling me the Perfect Whore  
Only Sweet Loretta speaks  
"Wipe the homour from your cheeks"  
And as the make-up starts to fade  
She doesn't wait, she hides away  
Noticing her friends had gone  
She starts to ask: "Oh ! What went wrong ?"  
"! never lost controls  
It was a very strange show  
And all i ever get was oh !  
'are you never gonna go ?'"

For Loretta - one  
She only played for fun  
She give her life away  
Counted hundreds, came to none.

"! never lost controls  
It was a very strange show  
And all i ever get was oh !  
'are you never gonna go ?'"
