"Panorama"

Visit "[Panorama](#)" on MotoLyrics.com

Murder follows me like a leech from sunset, hard on
my heels to the midnight

Beach

Multitudes of every skin, around the glowing sparks
they begin

To sing

Everybody is watching the dancer, all the way from
barcelona

Teddy boy's are farming, it's all a little alarming

Chorus: I felt forty-five and was barely alive

I saw a human tribe and was terrified

Cross-legged and nonchalant, I try to make the sermon
read

Back to front

Laughing all the time, this soeech goes like a dream
and all

Of us hits the streets

Everybody screams "follow the leader" and begging
now for food from

The feeder

Murder taps my shoulder - I fell the air getting colder

Chorus: I felt forty-five and was barely alive

I saw a human tribe and was terrified

Simply, now it's matter of time, everything is loose but
soon

It will be fine

Giving out whiskey and rules, we're just dangling our
feet sitting

Here by the pool

Everybody is calling me something (all the time we're
looking for something)

Teddy boys in armour, threatening my whole
panorama

Chorus: I felt forty-five and was barely alive

I saw a human tribe and was terrified
