Jesus, just imagine Your name
Jesus, every need shall bow
Jesus, let the tears fall down
As we bless Your holy name

Jesus, just imagine Your name
Jesus, every need shall bow
Jesus, let the tears fall down
As we bless Your holy name

Without Your love I see
There would be no me
Without Your grace I see
There would be no love

Without Your mercies, Lord
There would be no us
Without Your grace on me
There would be no life, no love
No me, no You, so Father

I call on Jesus, just imagine Your name
Jesus, every need shall bow
Jesus, let the tears fall down
As we bless Your holy name

Jesus, just imagine Your name
Jesus, every need shall bow
Jesus, let the tears fall down
As we bless Your holy name

Without Your love I see
There would be no me
Without Your grace I know
There would be no love

Without Your mercies, Lord
There would be no us
Without Your grace on me
There would be no life, no love
No me, no You, so Father

I call on Jesus, just imagine Your name
Jesus, every need shall bow
Jesus, let the tears fall down
As we bless Your holy name

Jesus, just imagine Your name
Jesus, every need shall bow
Jesus, let the tears fall down
As we bless Your holy name

So let the tears fall down
As we bless Your holy name
Just imagine Your name
Every need shall bow to Jesus

Let the tears fall down
As we bless Your holy name
Just imagine Your name, Jesus
Every need shall bow

So let the tears fall down
I can't keep the tears from falling down, down
Just imagine, just imagine You
Every need shall bow

So let the tears fall down
As we bless Your holy name
Now just imagine Your name, Jesus
Every need shall bow down
Bow down, bow down, down
