Verse 1:

Let me start by saying baby I've been such a fool
Since we've been apart I realized I'm needing you
Now I don't blame you if you choose to turn and walk
away
But girl I think that what we have is worth another day
Can we try to get it back right
And I
I promise I will never leave your side
Cus You're all that I need
And I know
Right here with you is where I wanna be

Chorus:

Girl it's been far too long and I just can't go on
Need you in these arms for one last try.
Girl just hear me out cuz all I'm asking for is
One last try, one last try, one last try, one last try.

Verse 2:

Tell me baby babe why you wanna act this way
It seems crazy girl after all the love we made
I know I made a mistake when I pushed you away
Now my nights are cold since we don't share this bed
no more
Can we try to get it back right
And I
I promise I will never leave your side
Cus You're all that I need
And I know
Right here with you is where I wanna be

Chorus:

Girl it's been far too long and I just can't go on
Need you in these arms for one last try.
Girl just hear me out cuz all I'm asking for is
One last try, one last try, one last try, one last try.

So tell me what I gotta do to bring you back my way
Don't want no one else touching you holding you
Baby my heart ain't complete you got me all up on my
knees

Cuz I don't wanna lose your love

Chorus: 2x

Girl it's been far too long and I just can't go on

Need you in these arms for one last try.

Girl just hear me out cuz all I'm asking for is

One last try, one last try, one last try, one last try.
