A thousand miles underneath my emotions, hidden
from the eyes of everyone
No one must know all the secrets of my soul, anymore,
no one ever will get in
Girl, you've got to own the key to open up the door,
only you own that
Eventually, even that could change
CHORUS

I will wait for you, but I don't want to wait forever, cause
I'm on my own
I'm trying to keep the fire from getting cold, I will wait
for you
But I don't want to wait until our love turns to stone
I don't want to turn to stone
I don't want to spend another night without you
I'm afraid my mind will start to wonder, time between
us
Hours turning into days, into years, looking back, what
went wrong?
Somethings we must let go, eventually, something's
got to give
CHORUS
(instrumental break)
I will wait for you, but I don't want to wait forever, cause
I'm on my own
I'm trying to keep the fire from getting cold
I will wait for you, but I don't want to wait until my love
turns, whoa, oh, oh
CHORUS
