I try to get my point across but you keep bringin' me
down
All you offer me is cryptic clues
I don't know why I even try, I'm feeling like a clown
You're givin' me the crossword puzzle blues

You came here on a Sunday, dressed in black and
white
You're leaving here on Monday, if everything works out
right
I know you're playing hard to get, but it's only a matter
of time
I'll find out what you're hidin' from me, or else I'll lose
my mind

I know that I should leave you alone but something
draws me in
So I sit down and I kick off my shoes
Some give up when they've had enough, but I'll never
let you win
You're giving me the crossword puzzle blues

You came here on a Sunday, dressed in black and
white
You're leaving here on Monday, if everything works out
right
I know you're playing hard to get, but it's only a matter
of time
I'll find out what you're hidin' from me, or else I'll lose
my mind

I'm glad you aren't easy, but why are you so cruel?
You love it when I'm angry and confused
Pleasure and pain, it's all the same, I'm just another
fool
