Diamonds, et cetera, I woulda bought her, we coulda
had a son or a daughter
Instead she's nothing but lyrical fodder, and that's
alright with me

The last time that I saw you, it ended in a mess
of disbelief and anger, pain and loneliness
But now it's one year later, and I've changed my point
of view
For givin' me inspiration, I'm givin' my thanks to you

'Cause I couldn't have done it without you, you were oh
so good to me
Your alibis were just sweet lies and the rest is history
I wrote a dozen songs about you, and six of 'em made
the Top Ten
Now I live in a deluxe apartment, and I'm driving a
Mercedes Benz

The next time that you see me, I'll be humming a
different tune
Sportin' a new companion, and eatin' with a silver
spoon
I'm feelin' no hard feelings, I'm as happy as a man can
be
Losin' you was the best damn thing that ever happened
to me

'Cause I couldn't have done it without you, you were oh
so good to me
Your alibis were just sweet lies and the rest is history
I wrote a dozen songs about you, and six of 'em made
the Top Ten
Now I live in a deluxe apartment, and I'm driving a
Mercedes Benz

Your disloyalties to me are generating royalties and
fees
So my bad attitude and blues have turned to gratitude
to you

But I couldn't have done it without you, you were oh so
good to me
Your alibis were just sweet lies and the rest is history
I wrote a dozen songs about you, and six of 'em made
the Top Ten
Now I live in a deluxe apartment, and I'm driving a
Mercedes Benz
