When our love was Rated G  
It all seemed so innocent to me  
We'd stroll around together  
And talk about the weather  
When our love was Rated G

Then our love was Rated R  
Who'd a thought we'd ever get that far?  
I'd kiss you in sweet silence  
Didn't need parental guidance  
When our love was Rated R

Now this one is not explicit  
So watch out or you might miss it

Now our love is Rated X  
It's not because of violence or sex  
We're no longer with each other  
You're just my former lover  
Now our love is Rated X  
Rated X  
Rated X
