And he says
That youve lost your mind
Because he thinks
He's everything Youve got
But that's so wrong
You're better than that

And I watch
Hoping maybe someday
That you'll see
How much more you could do
Without him
Without me

I know it's hard girl
To forget the one
You thought was there for you
Trust me I've been there
One too many times
Didn't know what to do
But I've learned how to deal
Come on baby just listen
To what I've got to say
I know you will find yourself
One day

And he says
That you're going crazy
But I think
That you are amazing
So baby
Just forget about him

And I'll watch
Hoping maybe someday
That we can
Just be together
Alone
Me and you

I know it's hard girl
To forget the one

You thought was there for you
Trust me I've been there
One too many times
Didn't know what to do
But I've learned how to deal
Come on baby just listen
To what I've got to say
I know you will find yourself
One day
